Peru is located on the West Central Coast of South America. It is bordered by the Pacific Ocean to the west, by Chile to the south, by Bolivia and Brazil to the east, and by Colombia and Ecuador to the north.

With a total land area of 1,285,215.60 km², Peru is the third largest country in South America after Brazil and Argentina.

Peru also has rich deposits of Copper, Silver, Gold, Lead, Zinc, Natural Gas, Petroleum and Urea.

Owing to climate variations in its regions, as well as its natural and cultural resources, it is internationally classified as a mega-diverse Country.

Peru has a population of 32.97 million people (75.7% Urban and 24.3% Rural) and for the last 10 years the Peruvian Economy is booming.

It is estimated that Peru will have a growth of more than 3.2% for the period 2023-2026.

According to the International Monetary Fund (IMF) Peru is considered a rising star that is part of the new wave of leading emerging markets, and today has solid fundamentals, a framework of policies, and a prudent macroeconomic approach, all of which enables it to enjoy sustained growth and vulnerability.

Peru still remains one of the Latin America countries with the lowest inflation rate.

A photograph of a large, modern exhibition booth for ZKTeco. The booth is primarily white with bright green accents, including horizontal bands and the company logo. The logo 'ZKTeco' is prominently displayed in large, illuminated letters on the upper part of the booth. Below the logo, there are several digital screens and informational displays. The booth is situated in a large, well-lit exhibition hall with a high ceiling and industrial lighting. Other booths and displays are visible in the background, though they are out of focus.

SEGURITEC PERU is the largest security event organized every two years in Peru since 1996 to sell Equipment, Supplies and Services for Security, Security & Electronic, Personal Protective (EPP), Fire Fighting & Rescue, Safeguard & Protection, Police, Road & Traffic, Cybernetic, Communications
